

racewear.co.uk

racewear.co.uk is proud to send goods *from your desktop to your doorstep*, but how about *from your desktop to your hands*? We've a couple of days out arranged, and if you're visiting or competing we'd be delighted to bring your goods post free!

If you're visiting **CHATSWORTH** on June 6/7, or **MG LIVE** at Silverstone on July 10/11/12, then we can deliver your racewear purchases; give us a ring and there'll be no postage charges! Keep an eye on "News and Events" at www.racewear.co.uk to see any other days out planned throughout the year, and telephone **08452 604104** to arrange your delivery.

We've got some new products going on-line: take a look at our [new overall](#), ideal for anyone not requiring flameproof gear or CIK/FIA homologated clothing, or the premium-quality [Sabelt SK1](#) kart suit. While you're there, check out the deal on [Nomex balaclavas](#) while stocks last!

Have you seen the prices on the [Sabelt Start FIA](#) homologated gloves? There's a promotion this month, a saving of 10%.

With seriously good value on Nomex gloves, Proban & FIA overalls and racing boots, we're everything you need for your motor sport, whatever you're driving. As for us, the **racewear.co.uk racing with midgetmax.com** guys were kart racing at Spa last weekend. To find out how we got on go to our [blog](#) or become a fan of our [Facebook](#) page to keep up-to-date with our progress.

See you on the grid somewhere?
